

PURDUE ECE *MENTORS*

The Purdue ECE Mentors Program is an intentionally structured, formal mentoring program for alumni, faculty, and students to mentor current ECE students. Mentors use their unique experiences to help mentees develop new skills, build a network, set and achieve goals, and more.

Mentoring topics will include:

- Course selection
- Areas of concentration
 - School-life balance
 - Co-op opportunities
- Vertically Integrated Projects
- Engineering Projects in Community Service
 - How to get involved in research projects
 - Graduate school options
 - Careers in academia
 - Law/Med School options
 - Working at a government research lab
 - Engineering ethics
- Merits of becoming a licensed engineer
 - Entrepreneurship
 - Student organizations
 - And more!
