

GLOBAL ENGINEERING

PROGRAMS & PARTNERSHIPS

STEP ABROAD

Short-Term Engineering Programs

Winter Break

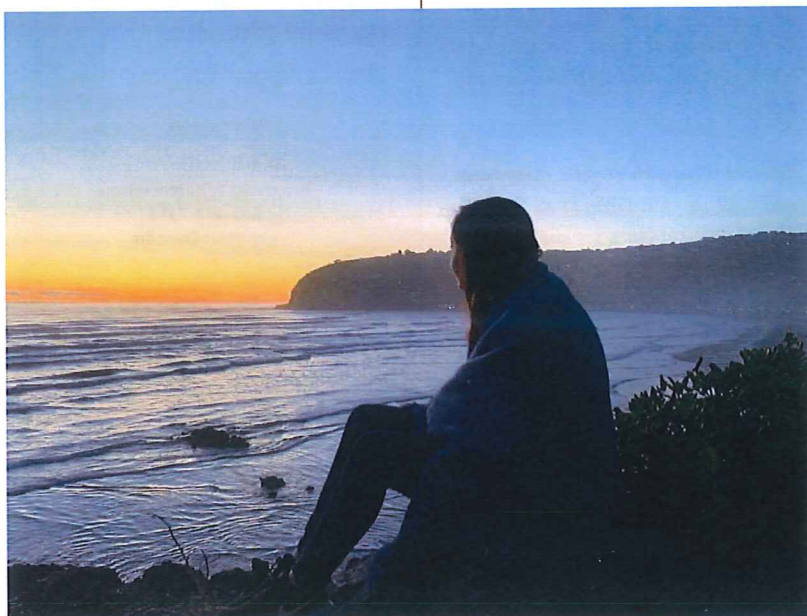

- International Perspectives in Water and Management - India - Civil-Open to all Purdue students from any major
- Civil Infrastructure Systems Development Life Cycle: Case Studies in the United Arab Emirates - Civil- open to all Eng. students sophomore through Seniors

Spring Break

- EPICS in La Guajira Colombia - Open to all students.
- EPICS in South East Louisiana -Open to all students.
- Lakota Culture, Design, and Service Experience - EPICS South Dakota - Open to current EPICS students working on the project

Spring Break

- Gaining Global Perspective in Korea from Biotech to KPOP! - BME-Open to all sophomores through seniors in Engineering.
- Chemical Engineering and Industrial Pharmacy in Ireland - Open to ChE and IPPH only, sophomores through seniors.
- Introduction to Silicon Valley and the Tech Industry - Open to all Engineering Students. Preference given to FYE

Study Abroad

Maymester and Summer Programs

Summer Programs

- Particle Processing in Germany - ME- *Open to all engineering majors Sophomore through Seniors*
- Experience German Engineering - *Open to FYE students from all engineering majors. Sophomores and Juniors may also apply.*
- Industrial Microbial Biotechnology in Germany - ABE- *Open to ABE, ChE, BioChem, and Food Science students only*
- Systems Dynamics Modeling for Engineers - Pamplona, Spain - IE- *Open to any engineering major at junior or senior level.*
- Bioinspired Materials and Structures - Singapore - ME- *Open to Engineering and Biology students, sophomore and higher.*
- Automation and Connectivity for Sustainable Development of Resilient Infrastructure - Singapore - CE- *Open to all Engineering students sophomore through seniors*

Summer Programs

- Professional, Intercultural, and Global Development in Colombia - MEP *Open to all MEP Engineering Students.*
- Biomedical Modeling for Global Health in Scandinavia - BME- *Open to all Eng. students, sophomore and higher.*
- Regulatory and Clinical Science for Global Health in Japan - BME- *Open to all Engineering majors, sophomore and higher.*
- Smart Mobility in Europe - Germany and Czechia - CE- *Open to all Engineering students, sophomore and higher.*
- European Transportation Systems and Supply Chains - CE- *Open to all Engineering students. Preference given to juniors and seniors.*
- EPICS Rwanda - *Clean water for communities- Open to all Engineering students*

Summer Programs

- ME 27000 Basic Mechanics 1 in Florence - ME- *Open to any Eng. student with this course in their plan of study.*
- Introduction to Machine Learning and Pattern Recognition - French Riviera - ECE- *Open to all Eng. students sophomores through seniors. Pre-req Linear Algebra*
- Exploring Healthcare Innovations in the Netherlands - Honors/BME- *Open to Honors College students and Eng. students with a GPA of 3.0 or higher*

For academic questions about individual programs, reach out to the faculty program leader.

For non-academic questions: costs, travel, billing, scholarships, passports, etc. email Jill Churchill churchil@purdue.edu
