

OSHA 10-Hour General Industry

October 30 & November 6 | West Lafayette, IN

Improve worker health and safety by completing the OSHA 10-Hour General Industry course where attendees are taught to recognize and prevent hazards.

This 10-hour workshop, known as “OSHA 10,” provides employees with an awareness of common job-related safety and health hazards and instructs them on how to stay safe on the job through hazard identification, avoidance, control, and prevention. Upon completion of all 10 hours of this workshop, participants will receive their OSHA 10 Card.

OSHA 10-Hour General Industry:

When: October 30 & November 6
Time: 12:30 – 6:00 pm ET (both days)
